PROFESSIONAL SUMMARY

Experienced Full Stack Web Developer with a background in frontend and backend technologies, now transitioning to MERN Stack proficiency. Completed intensive bootcamp in React, Node.js, Express, and MongoDB. Known for delivering robust web solutions. Seeking to apply skills and drive innovation in a dynamic team.

TECHNICAL TRAINING

Prostack Academy, Bangalore   **January 2024 - May 2024**
Fullstack Web Developer -Bootcamp

Project 1:Full StackFood Delivery App:
Description: Developed a comprehensive food ordering website and app using React JS, MongoDB, Express JS, Node JS, and Stripe payment gateway.
Features Implemented:
- Created frontend website, admin panel, and backend server components.
- Implemented user authentication system for account creation and login.
- Integrated shopping cart functionality for adding food items and placing orders.
- Utilized Stripe payment gateway for secure online payments.
- Implemented order status update features for enhanced user experience.

Project 2:Full Stack eCommerce Website
Description: Developed a comprehensive eCommerce website using the MERN stack - React JS, MongoDB, Express, and Node JS.
Features Implemented:
- Created frontend website to display products, product cart, and login/registration pages using React JS.
- Developed backend server using Express and Node JS to handle APIs for various functionalities.
- Implemented CRUD APIs for adding, displaying, and updating products, as well as managing cart items and user authentication.
- Utilized MongoDB for efficient data storage and retrieval.
- Designed an admin panel for managing product inventory and updates.

PROFESSIONAL EXPERIENCE

Wilyfox Media Co.   **January 2023 - January 2024**
Web Developer
- Utilized modern frontend technologies (HTML5, CSS3, JavaScript, Bootstrap 4).
